PROPERTY DESCRIPTION

Stunning, dramatic, pristine, airy & bright, this extraordinary contemporary all-brick ranch features great design, great rooms, great views & great condition! Set on a serene pond with conservancy on two sides, this spacious one-level living dream home can now be yours. A grand marble foyer with volume ceilings & high windows opens directly to the immense Great Room, providing views from its window wall to the expansive deck and quiet soothing pond. The center and north end of this sprawling ranch comprise the living areas. The central Great Room has great features, including a see-through wet bar and a marble fireplace wall flanked by remote controlled built-in entertainment units. An additional grand stone wall, full wall of windows and 12' ceilings are truly dramatic. Off the foyer and across from the kitchen is a spacious separate formal dining room. A tray ceiling accents its unique architecture. The kitchen is a pure dream with a center cooking island & breakfast bar. Designed with an abundance of cabinet and counter space, the kitchen's light décor is enhanced by the hexagon-shaped breakfast area opening to the deck and yard from multiple sets of patio sliders. Built-in appliances include a downdraft grill, double ovens and sub-zero refrigerator. A planning desk adds a touch of true convenience. For easy access from all living areas, a dramatic powder room is located at the end of a wide hallway that spans the living areas of this exceptional home. A huge laundry room complete with skylight, folding areas, built-ins and great lighting leads to a lovely home office or den. The office, accented by on-diagonal bleached ash floors, provides a quiet retreat from the remainder of the house. The bedroom wing is located at the south end of the house. One bedroom, now used as a family room is located through double doors and features a tray ceiling with recessed lighting, a large double closet and views to the conservancy to the east. A second family bedroom suite is big enough for a king-sized bed and opens to a full bath that is shared from the central bedroom hallway. This bath, appointed in marble, features a steam shower and separate commode. At the end of the hall, the breathtaking master suite provides expansive room, exceptional views from multiple windows of the pond behind, direct access to the rear deck, three custom-fitted walk-in closets and a stunning spa bath. Vaulted ceilings, a skylight, whirlpool tub, separate shower and commode & marble finishes make this bathroom retreat truly inviting. Add an attached three-car garage, large partial basement & cedar-shake roof to the outstanding highlights of this exquisitely-cared-for Hybernia home. Enjoy this pristine contemporary gem with its peaceful, private pond setting!
