PROPERTY DESCRIPTION

Located in the gated Rivershire community, this sprawling 3-bedroom, 2½-bath Cape Cod style dream has been extensively updated since 2003 and offers one of the finest prime locations in the entire community with sweeping views of the adjacent Marriott Golf Course from all main rooms! The brick-paved approach and brand new front door are but the first of many exquisite features of this stunning home. From the grand two-story foyer leading to the long wide gallery, all main floors rooms are accessible – a great design for entertaining or quiet family time. To the left of the foyer is the huge formal living room complete with new oak floors, tray ceilings with accent moldings, a bay window, gas-fireplace and wall of windows overlooking the golf course. The separate formal dining room is straight ahead when you enter and looks out through two-stories of windows to the expansive golf course as well. Its highlights include oak floors, vaulted ceilings and a one-of-a-kind window with wrought-iron detail opening to the foyer. Off both the dining room and the gallery foyer is the updated island kitchen and huge breakfast area. Granite counters, built-in appliances, fabulous cabinets with radius corners and glass fronts, a planning center and butler's pantry are among the incredible details to enjoy here. Plantation shutters covering French doors lead to a private brick paver patio and prime panoramic scenery of the adjacent golf course. At the far end of the gallery, through a second set of French doors, is the inviting family room, complete with vaulted ceilings, a wall of built-in shelving, a wet bar and cornered window with yet another grand golf view. Also located at the far end of the gallery is the main floor master suite with French doors leading into a master entryway. Complete with its own great golf course views, this glorious bedroom features tray ceilings, accent soffit canned lights, a huge custom-fitted walk-in closet and a grand spa bath with dual vanities and sinks, a whirlpool tub, separate shower and enclosed commode. Add a main floor laundry room, updated powder room and large storage closet to round out the conveniences here. On the second floor you will also find two spacious family or guest bedrooms with a large shared bath and abundant closet space. One room features its own cedar-lined walk-in closet and vaulted ceilings while both offer a full wall of additional closets. The high upper foyer offers dramatic views to the gallery below and has direct access to a massive finished under-eave storage closet. Grounds care, snow removal, gated security, pool and tennis are all included in homeowner association benefits here. After you've seen the rest, you'll know this is indisputably the best home and location now available in the Rivershire area – a home with views that must be seen to be appreciated!
