PROPERTY DESCRIPTION

This captivating classic 10-room, 3+ bedroom, 2½ bath Provincial-style home in Northbrook's prestigious Cotswold area is a true delight! Lovely architectural design, a cedar-shake roof and wooded setting with pond view make this a special home from the outside and within. A grand two-story foyer from which all major rooms are located greets you. Complete with light marble flooring and an arched stairway to the upper floor family bedrooms, the drama of this home is completely evident as you enter. A center entry arrangement provides access to both the formal living room with vaulted ceilings and fireplace as well as a separate formal dining room with a half-bayed window and marble floors. The turret-style breakfast room and immense kitchen are a true dream featuring a center cooking island, an abundance of cabinets and corian counters, a planning center, built-in appliances including a sub-zero refrigerator/freezer and a real butler's pantry that leads to the dining room. The adjacent breakfast room with a turret-style ceiling, walls of windows, and another wall of buffet-style cabinets also boasts a doorway to the exterior porch-style patio. Marble floors highlight both rooms. Also located on the main floor is the romantic master bedroom suite. Comprised of the main bedroom with vaulted ceilings, an abundance of windows overlooking the wooded yard and a door to the patio, this room is adjoined through double doors by a second room, a den or library with wet bar, fireplace & marble flooring that complete the private master suite. The marble master bath features a huge double-bowl vanity with corian counters, a separate shower, whirlpool tub, water closet and access to two custom-fitted walk-in closets. Also located on the main floor is a lovely powder room. The upper level provides two family bedrooms, each with a large double closet and a separate full bath in the open hallway which has views to the foyer below making the area light and bright. Add to this an enormous lower level basement, fully finished with a huge carpeted family room, a huge bonus room (now used as an exercise center) and another huge room, ideal for a 4th bedroom or large office, for an incredible home with one-of-a-kind features and a design that is exceptional! A homeowner's association makes maintenance a breeze including all exterior building and ground care. Don't miss this extraordinary home!
