April 2021

April was another strong month for home sales. The busy spring market continues to see many multiple offer situations driving sales prices above asking price. With such strong activity, by the time a property sale closes, the market may have already moved higher than that sold price suggests. Such markets can create stress and frustration for prospective homebuyers, who are frequently having to submit offers on multiple properties before they are able to secure a purchase.

New Listings in the North Shore-Barrington region increased 85.5 percent to 1,430. Listings Under Contract were up 169.7 percent to 1,049. Inventory levels fell 53.8 percent to 1,596 units.

Prices continued to gain traction. The Median Sales Price increased 16.5 percent to \$523,500. Market Times were down 36.8 percent to 89 days. Sellers were encouraged as Months Supply of Inventory was down 68.7 percent to 1.9 months.

In the spirit of the great Wayne Gretzky, buyers, sellers, and their agents are all trying their best to skate to where the puck, or rather, the housing market, is going, not where it has been. While housing affordability remains an area to watch as prices continue to rise, strong buyer demand and limited housing supply show no signs of easing soon, pointing to a continuation of this market trend through spring and into summer.

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income was 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. **A higher number means greater affordability.**
